**D&D Construction Services**

With elements far exceeding the Residence Inn brand standard, the New Jersey Residence Inn is a significant construction project for D&D Construction Services. The sheer size of the 154-key project and its construction in a redevelopment district lend to its stature.

**Parkwest General Contractors**

The LA Hotel Downtown consisted of a complete remodeling of 486 guestrooms, 10 corridors and 40,000 square feet of ballroom, pre-function and meeting spaces. Parkwest General Contractors was involved in this multimillion-dollar project from the room mock-up phase all through the finished product.

**Sand Construction**

Sand Construction recently completed the first Gen4 of its kind for Country Inns & Suites By Carlson with a new 78-room hotel in Springfield, Ill. (shown). Two additional Gen4 hotels will be completed this summer in Bozeman, Mont., and Roseville, Minn.
